

Communication:

- This year, the co-op will be utilizing A2P messaging. It is a text messaging service that will be sent out by the B.R.I.D.G.E. co-op board members. The messages coming in from this service will be received as standard text messages. Text messaging rates will apply. We will continue to have communication through the Facebook group, but this service allows for quick and efficient, shortened messages that require attention sooner.
- This service will allow us to send out a group text with real-time information for things like scheduling, assistance, and updates. We will utilize this service between the hours of 8:00am-8:00pm only.
- If your family would like to opt in to this new service, please put any cellphone numbers that you would like included below. By providing your cellphone number, you are agreeing to receive text messages from the B.R.I.D.G.E. Homeschool Community.

Cellphone #: _____

Cellphone #: _____
